SKILLS

- Java
- Python
- HTML/CSS
- JavaScript
- SQL
- C/C#
- Linux
- AWS Cloud
- Figma
- Azure Data Studio
- System Development Methodology

EDUCATION

- | | |
|------------------------|--|
| Sept, 2022 - Present | Software Development & Network Engineering Advanced Diploma
Sheridan College - Oakville, ON <ul style="list-style-type: none">• Expected date of graduation is December 2025• Cumulative 3.96/4.0 GPA |
| Sept, 2018 – Dec, 2021 | Bachelor of Science
University of Guelph – Guelph, ON |

PROJECTS

Network Monitor Application

- Created a web-based packet analysis tool using Java and Spring Boot, with Spring MVC and MongoDB for efficient data management.
- Integrated Python scripts for real-time packet retrieval and implemented user authentication and role-based access controls.

Weather Forecast Website

- Developed a dynamic weather app with Spring Boot, integrating a weather forecast API and OpenStreetMap for location visualization.
- Implemented security features and utilized an SQL database for user authentication and data storage, showcasing expertise in Java, Spring Boot, SQL, and JSON.

Smart Home Application

- Collaborated on a Java-based Smart Home app, utilizing JavaFX for interface design.
- Implemented File I/O and Hash maps for data storage.

WORK EXPERIENCE

- | | |
|-------------------------|---|
| April, 2021 - May, 2024 | Supervisor
Farba Inc. <ul style="list-style-type: none">• Successfully managed the execution of multiple projects, ensuring their timely and cost-effective completion.• Oversaw the planning, resource allocation, and scheduling of over 15 projects, optimizing efficiency and productivity.• Collaborated with external contractors to complete specialized work, verifying compliance with quality standards, and ensuring client satisfaction.• Led the recruitment and training of new team members, providing ongoing support and fostering their professional development.• Cultivated strong client relationships through exceptional communication, ensuring their needs were met and exceeded.• Achieved project success through innovative problem-solving and a detail-focused approach, consistently delivering high-quality results.• Proactively identified and addressed project risks and challenges, implementing mitigation strategies to minimize disruptions and maximize project success. |
